ABOUT ME

B.Tech CSE graduate with hands-on experience building conversational AI and automation-focused applications using Python, LLM integration, and REST APIs. Built chatbots, a document-parsing resume analyzer, and a real-time voice interview platform, backed by certifications from AWS, IBM, and Cisco. Comfortable taking a workflow from requirements to a working, deployed solution (AWS, Git, Render) and collaborating with teams to deliver it.

EDUCATION

B.Tech – Computer Science & Engineering

CGPA: 7.82/10 Nov 2022 – Mar 2026

Godavari Institute of Engineering and Technology, Rajahmundry

SKILLS

AI / ML & Tools	Conversational AI, Chatbot Development, LLM Integration, Groq API, Machine Learning, Google AI Studio, Claude, Power BI, Git.
Automation & Integration	REST APIs, Postman, PDF/DOCX Document Processing, AWS, Render.
Programming Languages	Python.
Web Technologies	HTML, CSS, JavaScript
Database	SQL

INTERNSHIP EXPERIENCE

AI & ML Intern | *Aimer's Society*

2024

– Built and evaluated ML models using Python, Pandas, and Scikit-learn, applying preprocessing, feature engineering, and classification techniques.

Cloud Computing & DevOps Intern | *APSSDC*

2025

– Worked with AWS services, Git, and Render for cloud deployment and DevOps workflows.

PROJECTS

BUJJI – Multi-Purpose Conversational AI Assistant

Python · Groq API · REST API

Built a voice/vision assistant with wake-word detection and intent-based routing (image queries to BLIP, others to weather/news handlers), powered by Groq's Llama 3.3 70B; integrated external REST APIs and YOLO object detection.

TRON – AI-Powered Learning & Developer Toolkit

Python · Groq API · Power BI

Built a 4-module AI platform (Quiz Generator, Doubt Solver, Code Debugger, Resume Analyzer) with PDF/DOCX parsing built from scratch; migrated backend from Gemini to Groq API.

AI Interview Coach – Real-Time Mock Interview Platform

Groq API · MediaPipe · Speech APIs

Built a voice-driven interview app that generates resume-grounded questions, gives real-time answer feedback, and runs live webcam proctoring.

CERTIFICATIONS

- AWS AI Practitioner – Foundational (*AWS*)
- AI & ML Using Python (*Aimer's Society*)
- AWS & Cloud Computing (*APSSDC*)
- Python for Data Science & Essentials (*IBM*)
- Cybersecurity & Python Essentials (*Cisco*)
- API Fundamentals Student Expert (*Postman*)

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge.
